SUMMARY

Second-year B.Tech CSE student (CGPA 8.79) building web apps with React, TypeScript and Node.js. Built an algorithm visualizer, a prerequisite-aware learning roadmap tool and a finance dashboard with hand-coded regression. Seeking a software engineering internship at an early-stage startup where I can ship real features.

SKILLS

Languages: TypeScript, JavaScript, Java, Python, C
Frontend: React, Tailwind CSS, HTML, CSS
Backend & Data: Node.js, Express, REST APIs, MongoDB, SQL
Tools: Git, GitHub, Linux
Core: Data Structures & Algorithms, Object-Oriented Design

PROJECTS

Sudoku Algorithm Visualizer React, TypeScript GitHub

- Implemented DFS backtracking, BFS, greedy and MRV solvers as step-by-step generators, powering an animated UI with pause, single-step and speed control.
- Benchmarked all four strategies on the same board (steps, backtracks, time) and added step caps so exponential cases never freeze the browser.

Academic Path Intelligence React, TypeScript, Tailwind CSS GitHub

- Built a rule-based recommender that converts a student's existing skills into an ordered learning roadmap across 13 subject models.
- Sequenced prerequisites using post-order DFS (topological sort) with cycle detection, and flagged unmapped skills instead of guessing.

Expense Insight Pro React, TypeScript, Recharts GitHub

- Built a multi-currency (USD, EUR, GBP, INR, JPY) income and expense dashboard with add, edit, undo, search, category filters and Recharts visualizations.
- Implemented least-squares regression from scratch to forecast balance 30 days ahead, displaying slope and R^2 to show fit quality.

EDUCATION

IILM University, Gurugram 2025 – 2029
B.Tech, Computer Science & Engineering | CGPA: 8.79 (after Year 1)

EXPERIENCE

Market Research Intern, SEMS Welfare Foundation, Noida Jun 2026 – Jul 2026

- Researched cognitive bias in strategic procurement decisions and wrote a 23-page internship report with APA-cited references, aligned to UN SDG 8.

CERTIFICATIONS

Introduction to Financial Engineering and Risk Management, Columbia University (Coursera) Verify
Strategy Consulting Job Simulation, BCG (Forage) Jun 2026
